### President Coming

From Washington comes the announcement that President Taft is coming to San Francisco to open the Portola festival on October 19th, and that the celebration of the rebuilding of the city is to be honored by the presence of the President of the United States.

Gradually the plans for the Portola fete have been advanced from the first steps, which were made in January, when it was first announced that the 140th anniversary of the coming of the first Spanish Governor of California would be celebrated in a festival named after Gaspar de Portola, until the coming of the fleet of foreign ships representing the countries of the world was assured, and now comes the word of the President that he will be there on October 19th, and that he will drink in San Francisco the toast he is himself composing to the American spirit manifesting in the rebuilding of the city, in which toast Embassadors, King and Emperors, and thousands of California sons all over the world will join.

This announcement coming as a climax of the success which has attended the efforts of C. C. Moore and Robert A. Roos in the East, awakens new enthusiasm among the promoters of the festive here, and it is now realized that the first ambitions of the committee are to be far exceeded by the event.

In the beginning the idea of the festival was one of the celebration of the founding of the Spanish colony in California, and copying of the Mardi Gras of New Orleans, and the annual festivals that have become famous in the cities. But when the commissioners went east they found that the ready response they received from all quarters and the representatives of many nations was animated by the admiration of the world at the rebuilding of the city that was destroyed by fire.

### Fighting Mail Order Houses

A writer in the Home Trade Journal, in discussing the mail order evil says that various remedies have been proposed from time to time to combat it. He believes that the solution of the matter is in the hands of the local merchants of every community. The people who patronize the Mail Order Houses cannot be blamed so much, for they think they are getting their goods cheaper. They do not consider that their money is going out of the community or that if the goods are not right they will have a great deal of trouble in getting them made right. It frequently is the case that identical goods could have been bought of the home merchants for the same money, but the buyer did not know it because the merchant did not advertise the fact. The local merchants of any community can secure practically all the business going to the Mail Order Houses if they will meet the prices of these outside concerns, and let the people know it through good ads in the local papers.—Petalinga Courier.

If the editor makes a mistake people say he ought to be hung, says the Rapid River Rustler; but a doctor makes any mistakes he buries them and folks dassent say nothing, because doctors can read and write Latin; when the editor makes a mistake there is a lawsuit and swearing and a big fuss; but if the doctor makes a mistake there is a funeral, cut flowers and perfect silence; a doctor can use a word a mile long without him or anybody else knowing what it means; but if the editor uses one he has to spell it. If the doctor goes to see another man's wife he charges for the visit; but if the editor goes he gets a charge of buckshot. Any old college can make a doctor, an editor has to be born one.—Orland Register.

The salary of Dr. Benjamin Ide Wheeler, President of the University of California, has been raised to \$12,000 a year with \$3,000 traveling and incidental expenses, according to the readjustment of salaries for the ensuing year by the Regents. Dr. Wheeler's salary for the past ten years, since his connection with the university, has been \$10,000, with no allowance for expenses, although such an account was allowed his predecessors.

### Falls To His Death

George Knoche, 22 years of age, fell to his death at the Spreckles ranch at Sobre Vista Friday afternoon at 3 o'clock. He had been employed at the ranch for two and a half years and was highly regarded by his superiors and fellow employees. The young man lived a hour after sustaining his injuries, although he was unconscious until death came to his relief.

The fall sustained by the young man was caused by the breaking of a cast iron pulley by which the crab block of the derrick was being hoisted to its place. The derrick was being rigged up to drill another well on the ranch and it was while working on the same that Knoche fell to his death.

His right hip was crushed and his chest caved in by the fall, a distance of sixty feet, and nearly every bone in the man's body was broken. Dr. R. M. Bonar was summoned from Santa Rosa, and made the trip to the ranch in quick time in his auto. When he reached the scene the young man was past medical aid.

Knoche resided in San Rafael with his parents. An uncle by the name of Knoche resides on Sonoma Mountain.

This is the second fatality at the Spreckles ranch while working on wells. Herbert Wright and two others met death there when attempting to "shoot" a well some months ago with a charge of dynamite.

The remains were brought to Sonoma and Saturday coroner Frank L. Blackburn arrived and held an inquest. The evidence went to show that the death was due to accidental injuries and that it was generally conceded upon all sides that no one was to blame, and the verdict rendered was, "death caused by unavoidable accident."

The remains were sent to San Rafael for interment.

### The Scripture Up To Date

Here is the story of David and Goliath as it is said to have been recently told by Rev. Billy Sunday, with appropriate gestures to a rapid congregation of eight thousand: "And so David's pa comes to him where he was working in the field and says: 'Dave, better go to the house. Your ma's anxious about the other boys fighting in the army, she hasn't heard from them by 'phone or anything, and she'd like you should look them up. So Dave hops on a trolley and likes to the front, and stays there with his brothers overnight. In the morning old Goliath comes out in front of the Philistines and dares the Israelites to fight him. 'Who's that big stiff making all that big talk out there?' asks Dave. Why, that's the head cheese, the big nose," says his brothers. "Why don't some one soak him one?" asks Dave. We've all got cold feet," says the Israelites. "You fellows make me tired," says Dave and he hikes out to the brook, gets four pebbles in his shepherd's sack, slams one at Goliath, and soaks him in the coco between the lamps. Goliath goes to the mat, takes the count, and Dave pokes him in the slats, chops off his block, and the whole Philistine gang skiddooed.

In the Bavarian Highlands sign posts along the road, instead of stating the number of miles or kilometers to the various villages, gives the time which the average pedestrian will supposedly take to traverse the distance. This is merely an official expression of the very general custom of the peasants in the region, who invariably tells inquirers on the road not how far it is but how long it takes to get there. Not only that, but they make the system still more unsatisfactory to the stranger by a little additional eccentricity of their own.

For instance, one asks: "How far is it to Cberammergau?" "A small half hour," or "a big big half hour."

Which is puzzling until the stranger learns that a "small half hour" means 25 minutes, "a good half hour" 30 minutes, "a big half hour" 35 minutes, "a small three quarters of an hour" 40 minutes, and so on.

All time is "good swimming" time if it is left to the boy vote.

### Clean Up

This is the time of the year when everybody should see to it that things are cleaned up around your home and especially about your place of business. The summer is here and everything is very dry so that the starting of fire in the heaps of rubbish that has accumulated might result in a serious conflagration.

The greatest damage lies in the rubbish that is allowed to accumulate in the rear of business houses as there is nothing that will start a fire quicker than piles of empty dry good boxes, packing material and paper.

## The Flag of Our Country

Our city has seen four flags fluttering over our little plaza, the flag of Mexico, then of Spain, when Sonoma was the chief town in the northern part of California. It was here the Spanish government established its Presidio with a considerable garrison of soldiers and General Vallejo in command until the secularization of church property, when the troops were withdrawn, leaving the settlers at the mercy of adventures or hostile Indians. It was at this time that the company of men now known as the Bear Flag party having become dissatisfied with this state of affairs pulled down the Spanish flag and replaced it with one of their own device, a bear and a star radiating on a white field with a strip of red at the bottom; with the words "California Republic" across its length.

The new legislature had not had time to organize into any form of government before they were informed of the taking of California for the United States by Commodore Sloat. The news was received with great satisfaction; the Bear Flag was taken down and the American flag raised in its place.

A few years ago we read of the then largest flag in the world flying from a San Francisco built ship in San Francisco Bay. Later we read of an English flag, the largest in the world, four hundred feet long and two hundred feet wide.

It is not the size of the flag, but the principles of the nation that stand behind it, the finest flag pinned to the breast of an American citizen in a foreign land will command respect to that person.

When we behold our own beautiful banner it calls up before our minds all that our country stands for of equality, justice and freedom through this broad land.

To the oppressed and downtrodden of every land and nation who are willing to obey its laws and live in peace and harmony with its citizens it offers a refuge an asylum from the tyrant and oppressor; secure beneath its protecting folds all class and national distinctions are forgotten in united faithfulness to the flag. The children of ten million four hundred sixty thousand foreign born American citizens join as one voice with our own in the beautiful patriotic flag salute taught in our primary schools. "I pledge allegiance to my flag and to the republic for which it stands, one nation, indivisible, with liberty and justice for all."

Well may we be proud of our flag; well may we be ready to sacrifice for the principles for which it stands. It has been handed down to us, honored and untarnished at very great cost. Countless thousands resting in unnamed graves laid down their lives to preserve its unity. Countless thousands, whose ranks grew thinner every year, and whom we love to honor, suffered the loss of limbs or health, while other countless thousands of mothers, widows, orphans and sweethearts filled the land with mourning. Let us never forget that the women of America bravely and nobly did their part to preserve it a united banner.

O glorious flag of our country spread over us their bright protecting folds, emblem of purity, love and truth and may no desecrating hand ever be raised to part thy bars or scatter thy stars, but may thy worthy and loyal citizens ever be ready to say, "I give my hand and my heart to my country; one language and one flag."

SOPHIE CALDERWOOD.

William Jennings Bryan now wants to be a Senator. He desires to succeed Burdett whose term expires in 1911. What, not another try for the presidency?

## Three Licenses Obtained

At the regular meeting of the Board of Supervisors held in Santa Rosa last Tuesday a number of applications for liquor license were acted upon, three favorably and two rejected.

The applications of J. H. Altin, who wanted to obtain a license to run a saloon in Mariabel Park and Harry Bernard, who wanted to open a saloon in this valley were rejected.

In both the above cases protests were filed. Bernard was unable to obtain a license on account of those protesting claimed there had been a license granted for almost the same locality. The protestants object to two saloons.

Petitions were granted to Paul Vannucci, Italia Mafia and Louis Parente. All of these licenses are for resorts in this valley and will be located in the El Verano section.

## C. E. Rally

The local C. E. Society will hold a special rally on June 20. In the morning the Endeavors will assemble at 5:45 A. M. and hold a sunrise prayer meeting near the old Bear flag pole. The meeting will perhaps be led by some visiting member.

At 3 P. M. the members will again assemble and will hold an afternoon session which will last till five o'clock. Papers will be presented by Lester Small, Janet Harris and others. Discussion on the papers read will be led by Paul Brown, State field secretary of the Christian Endeavor.

The evening session will start at 7:30 P. M. and continue until 9 P. M. Either our local president or the president of the Sonoma Christian Endeavor Union will preside. The local president will give an address, to be followed immediately by Paul Brown, who will give the main address of the day. Special music will be a feature of the evening.

Everybody is invited to be present to any and all meetings. The society is anxious that people should attend and become interested in its work. The evening session will take the place of both evening services in both churches for that evening.

## Races July 5th.

The Sonoma Driving Club held a meeting in the City Hotel parlors last Tuesday evening.

There was a large attendance and great interest was shown and it was decided to hold the annual races on July 5th. J. Albertson was made an honorary member on account of his untiring efforts that helped to make the club a success. The following committees were appointed:

Printing, J. F. Ryan, A. M. Thompson and M. E. Cummings.

Refreshments: T. Millerick, G. Marey and E. Campbell.

Marshals: J. Millerick.

Gate Committee: J. Albertson, J. Valene and P. G. Keil.

Track Committee: J. Millerick, J. Watt and F. Silva.

Race Committee: A. M. Thompson, J. Ryan and M. E. Cummings.

Further details of the event will appear later.

## Forger Caught

Wednesday afternoon Constable Ryan went to Shellville and arrested a man by the name of Harry Reed for forging a check on F. D. Crane, proprietor of Crane's Hotel in El Verano. The check was forged some three weeks ago for the amount of five dollars. He is now in the jail in the City Hall and will have a preliminary hearing in this city.

He is a man who makes a practice of roaming from one place to another and we understand tries to work everybody possible.

Undoubtedly this trial will be a short one as he has confessed the forgery. Our Constable is a good one and can apparently can lay his hand on any man needed in a short time.

## Increase Liquor Licence

The Board of Supervisors have been discussing informally the advisability of raising the liquor license in the county, beginning with the first of the coming year.

The action of the board if the license is raised would offset only the saloons doing business outside incorporated towns. There are quite a number of these places, and the proposed increase would bring considerable additional revenue into the coffers of the county.

At the present time these saloons are paying one hundred dollars per year in quarterly installments of twenty-five dollars. The board is considering doubling this license and making it fifty dollars per quarter. This increase would go far toward assisting in paying the interest on the bonded indebtedness of the county. Now that the matter has been made public it is probable that those interested will communicate their views to the members of the board. These gentlemen wish to hear from both sides of the matter.

The members of the board would like to put the additional money raised by increasing the liquor license into the various road funds of the county where the saloons are maintained. This would be especially official in the district of the Supervisor King, which has the greatest number of saloons and the smallest amount of money in the road funds.

## Resolutions of Respect

To the Volunteer Fire Department of Sonoma:

Your committee appointed to draft resolutions of respect to the memory of our late brother, R. B. Fowler, respectfully suggest the following:

RESOLVED, That while in the course of nature we all bow to the Divine Power, which in the course of natural events removes us from the mortal world, yet we mourn the departure of our respected and companionable comrade, R. B. Fowler. "Bob" Fowler was endeared to this company during the many years of his membership by his notable quality of unassuming manhood, gentleness of nature, kindness to all, and fidelity to his duty and companions. His monument will be the memory of friends who knew him. Be it

RESOLVED, further that a copy of these resolutions be sent to his family and that they be spread on the books of this company.

And we further request that the above resolutions be published in the Sonoma weekly papers.

Respectfully submitted,  
J. B. SMALL,  
J. E. POPPE,  
M. E. CUMMINGS
